

Fordell Flyer

What a busy 2 weeks we have had since our last Fordell Flyer. A highlight would be the Pet and Ag week, especially as this was my first time experiencing it here at Fordell School and "WOW!" what a "fordellastic" week of creative and hands-on activities for our students. To mention a few: sand saucers, farm scenes, egg houses, pet artwork, rolling safaris, pet rocks, scarecrow competitions, house competitions, pet shows... and of course finishing with the Lamb and Calf Day. It was wonderful to see all our families joining us for the final day supporting and cheering on all students as they showed us Courage and Confidence in their farming skills. The house challenges showed

Commitment of working together as a team, with Tawa winning the House Shield. The House Baking raised \$805, face painting \$30 and the sausages \$200. Some of this money will go towards purchasing a new mat for the school trampoline and the rest for end of year trip and games in the classes. Thank you to all the staff and families that helped with setting up and making this day the success it was. It is days like this that remind us how fortunate we are to be able to give our children these experiences and celebrate the fact we are a rural farming community. I hope you all saw the fabulous write up in

Saturday's Wanganui Chronicle.

Ballroom Dancing – this has started for our Year 7 & 8s, it will be each Friday, with our cluster schools, leading up to their Dinner and Dance in week 9. Mr Reddish will send home information about this.

Teacher Only Day – please put into your diaries that we have a Teacher Only Day on Monday 14 November. Fordell staff will be further developing their IT capabilities, learning new exciting ways of implementing this into our programmes – using it to enhance

and add value to learning. There will be no school for students on this day.

Other dates for your calendar – term 4 is a busy term, so we have listed here (on the right) all upcoming events.

Community Survey – in the next week we will be sending home a survey, gathering your feedback and aspirations for your child/ren here at Fordell School. Your input is valuable in helping us to shape and form our goals for 2017.

Have a fantastic weekend.

National Divers!

Clip, clop, clip, clop here they come walking in a straight line like children should. The chlorine runs up their noses like a spider runs up the wall. Three stop to look at their reflection. Ouch! They keep banging their heads on the high ceiling (because of their long, long necks).

Staring back they see long necks, Brown hexagons covering their bodies. These creatures carry on walking through the empty stadium. Suddenly they all stopped, the one at the front ran forward did a flip in the air...

Fordell Farming Chronicle For the real farmers! Awesome Ag Day!

Last Friday, students and families enjoyed a day at Fordell School Ag day under the sun!

You had to be there, it was great fun! It was Fordell's annual Pet and Ag challenge day. It was the biggest day for the 100 students of Fordell School. This was the ending to a great week of rural activities.

Earlier in the week, students had a scarecrow building competition in their houses, Tawa, Rata, Kowhai and Miro. They were to create a scene of scarecrows. The scenes went from farmers, to pokemon go, to superheroes and even Donald Trump! They all were a great success!

As well as all the other activities going on, there also was a baking competition. Students were told to bring in a masterpiece of baking the colour of their house. There was a great mix of blue, green, yellow and red. All tasted delicious but unfortunately, there was only to be one winner. The baking was judged on how it looked, and how much effort was put into the baking.

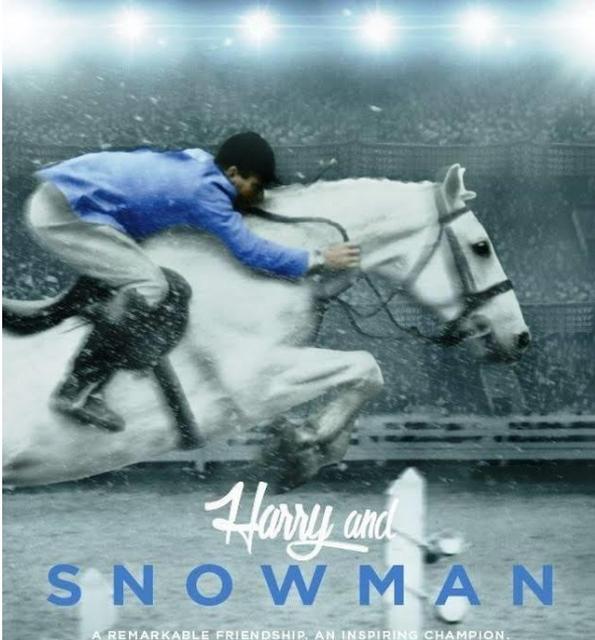

The biggest day of the week was the lamb and calf day. The students were to demonstrate how they care and handle their animal. It was a very difficult decision since they all were cared and handled so well, but in the end the decision was made. The best part of the day was all the ag challenges that were set up for the students. Parents were very impressed at how everyone gave it a go. The junior school were put into groups and led a lamb around a small course, made a bottle of milk and fed the lamb.

As for the middle school, they were to throw a gumboot as far as they as they could to get their house points.

As well as the gumboot throwing there was pinecone throwing as well. But this time at a target! The senior school was the best though! They had a dozen sheep and were to scare them up the run, drench them (with water), draft the sheep with the yellow mark on their backs and finally find the wet sheep (the one with milk). That was how they had to stop the clock! The teachers were to do the same, though they didn't do as well as the students. To finish off the day they finished with the young farmers' finalists and the points each house gathered to find the winner. Tawa house was the overall winner.

So now you know what it's like you should come along and enjoy the fun next year!
