Tēnā koutou, nau mai, harere mai. A big thank you to all the families and friends who came along to support the Fordell School Cross Country last Friday. It was a fantastic day with all students getting right behind the spirit of their houses – great to see the creativity of dressing up in their house colours. We have the winning placements further on in this Fordell Flyer. A big congratulations to all our students for showing commitment and taking part.

A huge congratulations to the winning house **Miro**.

For more photos from the cross country there is an album on our Face Book page and also the Fordell School Website ☺

Fordell Speeches – Over the last week all students have been presenting their speeches in class. It is something that has become a long Fordell tradition with all our students taking part. It amazes me the confidence and talent that all our students show and how much they grow in their speech writing

and presenting skills each year. This year is no different than any other with outstanding speeches by all Fordell students which I know made it difficult for class teachers to pick finalists. A big thank you to our guest judges who came to do the final judging on Wednesday – Mrs Judy Mellsop, Mr David Mellsop and Mrs Cara Johnston. Congratulations to our Fordell Speech Winners:

Fordell School Cross Country Recounts by Room 2

X-COUNTRY By Abi Glasgow

A light breeze made my curly hair blow in my face, as we were walking down to the paddock that we were going to run in. At that time, I had butterflies in my tummy! It was warm but the light breeze was good for cross country. As I sat in my 'house' I got called up to the starting place. The girls were going to get let go first. Then, "three, two, one.... Go!"

As I started Ma was in front of me but sooner than expected I was in front of her. After 10 minutes I was at the finish line and even better I came first! I was so proud of myself.
The End.

THE CROSS-COUNTRY By Julian Dunn

I woke up. It was cross-country day! I was so happy. When we got to school, I was so nervous because I didn't know what place I was going to come. When we got to the track, I got even more nervous. I saw my parents when I got called to the start line. Then he said "go!" I started sprinting. I was coming first around the corner. I got up to one of the girls that got released before and passed her. Now I had to go up a hill. Then I passed another person. I ran past two more people and then it was just Ma and Abi who were in front of me (but they weren't in my race). Then we went up another hill. I passed Ma right on the hill, it was so close but I was still in first place. I ran up to the finish and crossed the line. It felt good!

CROSS-COUNTRY MADNESS! By Angel Landon-Lane

On Friday at school the whole school had to do cross-country. It was in houses. The teams were Rata, Miro, Tawa and Kowhai. At school I saw Rata team, so I went to them, they said, "do you want face paint?" and I said "yes". So, they painted my face half green! They also did an "R" for Rata. Later that day we had the race. I went to the starting line with the other girls. I was so nervous! 3,2,1, go! Off we went. At the start I was doing so well but then I had a stitch, so I had to lay down because it was so painful. Soon after I was OK so I just walked. I was so close to the finish line. Then I made it. I was so tired! I was in sixth place but I didn't care, I was happy to get there. The End.
